SUMMER SCHOOL ACADEMIC WORKSHOPS AND SPORTS SKILLS CLINICS

As part of our July Summer School program, we are offering three academic workshops and two Sports Skills clinics. Study Skills, which will complement the skills taught in Secondary One, will satisfy Mom and Dad, followed by one of the two Sport Skills clinics for the young athlete.

WORKSHOPS:

1. Basic Writing and Reading Skills:

This course is designed to help incoming Secondary 1 students and next year's Secondary 2 and 3 who have had difficulty with basic English grammar or reading comprehension in English. It is also ideal for students who attended a French Immersion Program or French school and therefore have had limited exposure to English grammar or reading in English.

It is hoped that this 17-session course will provide students with basic grammar mechanics and sentence skills that will better prepare them to meet the challenge of expressing themselves by means of the written word.

2. Basic Mathematical Skills

This course is designed to help incoming Secondary 1 students who have difficulty with basic Math. It is hoped that this 17-session course will bring students' Math competencies up to a level that will give them a greater chance at success in Secondary One. The course will focus on basic computation, fractions, mental math, and properties of number systems.

The cost of each course is \$230, plus a \$30 registration fee. Classes meet each morning for 1 hour, 30 minutes. Courses run from June 27th until July 19th.

3. Study Skills:

For Secondary 1, 2 & 3 students who need to improve study habits and effectiveness, we are offering **two Study Skills Workshops**. The course will focus on developing the following: note-taking methods, getting information from textbooks, test-taking, problem-solving skills and how to study and use time more effectively.

The cost of this course is \$130 (including text), plus a \$30 registration fee. Classes meet each morning for 1 hour, 30 minutes. You may choose between one of the two 2-week sessions offered; **Tuesday, June 27th through Friday, July 7th** or **Monday, July 10th through Thursday, July 20th**. These dates apply to all *Skills* courses.

SPORTS SKILLS CLINICS

1. Basketball, Football

Loyola High School has very well respected Basketball and Football programs, having won City Championships at the Bantam, Midget and Juvenile levels. This summer the coaching staff will be offering 9-day intensive skills clinics in conjunction with the Loyola Summer School. These courses are not designed for the elite basketball or football player.

These skills courses concentrate on the basics of each game. The student/teacher ratio will not exceed 15 to 1. Individual attention is guaranteed. The aims of the clinics are to enhance your son's appreciation of basketball and football and to provide him with the necessary skills to improve his performance and his understanding of the game. If he is interested in trying out for one of our school teams, these clinics may be of interest to him.

2. Course Information:

The basketball, and football clinics will be offered in two sessions:

- Tuesday, June 27th through Friday, July 7th
- Monday, July 10th through Thursday, July 20th

The cost of each 2-week clinic is \$130, plus a \$30 registration fee.

The courses run daily for 90 minutes.

PLEASE NOTE CAREFULLY

- To pre-register by mail: You must complete the enclosed Registration Form and send it to the attention of Mr. Burke, together with FULL PAYMENT. Please make cheques payable to *Loyola High School* and indicate 'Summer School' and your child's name on the back of the cheque. You will be contacted and advised of the time of the course(s) on June 26th, Registration day.
- In order that the students may get the most out of these courses, we will limit class size. Therefore we respectfully suggest that, if interested, you respond promptly.
- If you wish to receive further information regarding any of the programs, please contact:

For the Workshops: Mr. Naz Ruscito 486-1101 ext. 660

For the Sports Clinics: Mr. Kelly Burke 486-1101 ext. 265

Schedule: We do not prepare our Summer School schedule until all registrations have been received. However, please note: **ALL SUMMER SCHOOL COURSES RUN FOR 90 MINUTES PER SESSION.**

Sincerely,

Kelly Burke
